## WELCOME MESSAGE

Dear Friends and Industry Colleagues,  
In September 2019, over 10,000 international energy stakeholders are expected to come together in Abu Dhabi for the 24th World Energy Congress, which will be held under the patronage of H.H. Sheikh Khalifa Bin Zayed Al Nahyan, President of the United Arab Emirates.

Under the theme 'Energy for Prosperity', the Congress will be a global leadership forum that defines the strategy for a collaborative, sustainable and innovative energy future that enables societal, commercial and community prosperity. Between now and the Congress, we will be working hand in hand with both our regional partners and the World Energy Council global community to shape the best event in the history of the Congress.

The United Arab Emirates is honoured to be hosting the Congress, which builds on and reflects the ambitious energy transformation that the country is going through at present. We recently announced two of the largest solar generation projects in the world, and have also embarked on a large-scale civil nuclear programme.

Under the UAE's 2050 Energy Strategy, generation from clean energy sources will increase to make up a 50 percent share of generation capacity, and we are also investing in energy efficiency initiatives.

Innovation is the cornerstone of the steps we are taking in clean energy and aligned sectors such as transportation, technology, and water. I am very pleased, therefore, that the topic of innovation will run through both the programme of the Congress, as well as the exhibition running alongside.

We look forward to welcoming government and industry leaders, academia, media, NGOs and other global energy stakeholders to Abu Dhabi.

Yours faithfully,

**Suhail Al Mazrouei**  
President of the  
24th World Energy Congress

Supported by

UNITED ARAB EMIRATES  
MINISTRY OF ENERGY & INDUSTRY

## WORLD ENERGY COUNCIL

- ✓ Formed in 1923
- ✓ UN -accredited global energy body
- ✓ More than 3,000 member organisations
- ✓ 90 member countries
- ✓ Members include Governments, private and state corporations, academia, NGOs and energy related stakeholders

**Christoph Frei**  
Secretary General & CEO,  
World Energy Council

**H.E. Dr. Matar Al Neyadi**  
Chairman, 24th World Energy Congress  
Organising Committee &  
Vice-Chairman, UAE National Committee,  
World Energy Council

Be part of the leading global event for  
policy makers in the energy sector

## WHAT IS THE WORLD ENERGY CONGRESS?

With over 150 countries represented, it is the world's largest and most influential energy event covering all aspects of the energy agenda. Running since 1924, the triennial World Energy Congress enables dialogue amongst Ministers, CEOs, policy-makers and industry practitioners on critical developments in the energy sector.

## CONVENING, CONNECTING, LEADING - SINCE 1924

A worldwide event

Over the **90**-year history of the World Energy Council, the Congress has been staged in over **20** cities across the world.

## 24<sup>th</sup> WORLD ENERGY CONGRESS

Theme: *'Energy for Prosperity'*

The Congress will be a global leadership forum that defines the strategy for a collaborative, sustainable and innovative energy future that enables societal, commercial and community prosperity.

## OTHER PROGRAMMES AND SIDE EVENTS

### THE WORLD ENERGY LEADERS' SUMMIT (WELS)

The WELS are high-level exclusive events reserved for the global energy leaders' community to facilitate dialogue on critical issues affecting the energy sector. Participation is by invitation only and will include:

**CEO Roundtable:**

**Tuesday, 10 September**

**Trilemma Ministerial Roundtable:**

**Wednesday, 11 September**

### THE FUTURE ENERGY LEADERS' PROGRAMME (FELs)

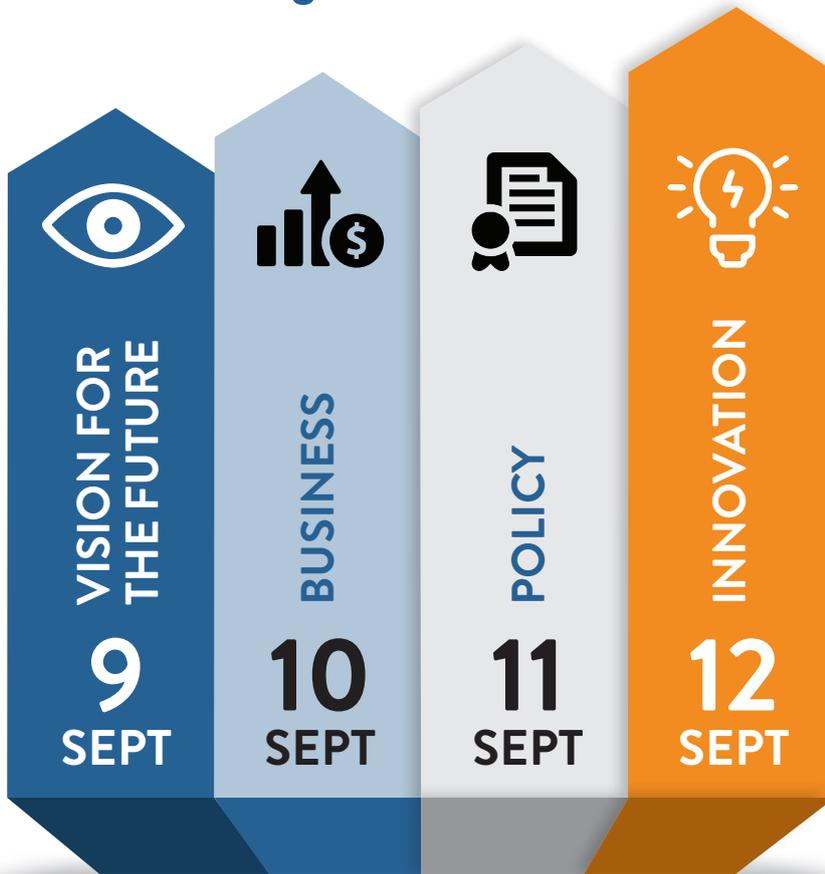

The Future Energy Leaders' Programme of the World Energy Council is designed to inspire, grow and develop the world's energy leaders of tomorrow. This exclusive network of exceptional individuals from across the globe includes a diversity of participants from across the energy spectrum. The FEL community builds on creative ideas and the innovative potential of the next generation to challenge conventional thinking and explore new strategies for the future of our energy systems. It offers young professionals a unique opportunity for learning and development with exposure to critical issues in the energy debate.

## PUBLIC PROGRAMME

Relevant and provocative agenda

The four-day format is designed and developed to address the critical energy frontiers facing the global energy sector. To set the scene for discussion, a theme is chosen for each day.

### Programme Themes

#### THE IEF 8<sup>TH</sup> ASIAN MINISTERIAL ENERGY ROUNDTABLE (AMER8)

The 8th Asian Ministerial Energy Roundtable hosted by the United Arab Emirates with the support of the International Energy Forum (IEF) will take place alongside the 24th World Energy Congress in September 2019. This biennial meeting is the largest gathering of Asian energy ministers and will be attended by 200 guests including ministers, deputy ministers, heads of delegations, heads of international organizations and selected guests. Key agenda items focus on the current energy situation, future investment in energy supply and demand, challenges to energy security, and the policy and technology cooperation required to achieve orderly energy transitions including knowledge sharing on energy efficiency gains.

#### DEVELOPING COUNTRIES PROGRAMME (DCP)

The World Energy Council is a global organisation and participation from across the world in the Congress is integral to a successful event, to ensure contribution of diverse experiences and perspectives on the energy system. The Developing Countries Programme enables and supports the participation of delegates from developing countries.

#### WORLD ENERGY LEADERS LOUNGE

This exclusive facility will provide the appropriate setting for the top 500 global energy leaders, CEOs and government officials to relax and network. The invited guests will also be able to engage in bilateral meetings, highly-focused discussion groups or more private gatherings when required.

## BECOME A SPONSOR

Be part of the only global congress that covers the entire energy spectrum

- Associate your brand with one of the most dynamic and prestigious energy events in the world
- Become more than a participant-engage as a stakeholder at the Congress
- Get high-profile visibility and exposure for your corporate brand and drive attendance - leaving a lasting impression on delegates and visitors
- Get access to the delegate list and enjoy complimentary registration and advertising

## EVENT HIGHLIGHTS

## RESERVE AN EXHIBITION SPACE

Be part of an unforgettable experience

- Anticipate future energy industry trends
- Gain unparalleled exposure and visibility
- Be where your customers are
- Acquire expert knowledge from global thought leaders
- Engage with issues at side and parallel events
- Host your clients in your own branded space
